

Pitot Kits

Our pitot kits represent a very good cost savings over the individual items. **NEMCO** makes up pitot kits from any combination of our pitot handles, blades, pressure gauges and adds a Plano small case. The most popular combinations are listed below or you can make up your own from our components and receive the 15% savings. Gauge certification is just \$15.00 at the time of purchase.

#700 Pitot Kit: Exactly same as the #701 but featuring the #104 Round Handle Quick Disconnect Pitot Tube. Reg. \$143.85 **\$120.00**

#701 Standard Pitot Kit: This basic kit is still the most popular. It includes our #101 Hex Handle Quick Disconnect Pitot Tube matched with the #108 metal blade and the #201 liquid filled gauge (any psi range). The #901 small case is included. Reg. \$152.95 **\$130.00**

#702 Pitot Kit: Packaged with the #104 Round Handle Quick Disconnect Pitot and two of the plastic blades (straight #109 & #110 notched). Our #201 liquid filled gauge (any psi range) and #901 small case make up this package. Reg. \$142.85 **\$120.00**

#703 Pitot Kit: This kit includes the #101 Hex Handle Quick Disconnect Pitot Tube or with the standard #108 metal blade. The gauge is the #202 liquid filled gauge with 1% full scale accuracy (any psi range), packaged with the #901 small case. Reg. \$162.85 **\$135.00**

#704 Custom Pitot Kit: Featuring the #101B Hex Handle Quick Disconnect Pitot Tube, with the ultra-thin notched blade and the Ashcroft #204 Model 1009AW Flutterguard gauge (any psi range). This kit is also packaged with the #901 small case. Reg. \$202.85 **\$170.00**

#705 Favorite Pitot Kit: Packaged with the #101A Hex Handle Quick Disconnect Pitot Tube with the #111 ultra-thin straight blade and the #203 Dry Stabilizer gauge (3.2" Dial & 1% full scale accuracy, any psi range). The #901 small case is included. Reg. \$182.85 **\$155.00**

#706 Ultra Inspector's Pitot Kit: Included is the #107B Ultra-Light Quick Disconnect Pitot Tube with the #112 ultra-thin notched blade and the #204 Ashcroft Model 1009AW Flutterguard gauge (any psi range). Spare #111 ultra-thin straight blade, **NIST gauge certification** and the #901 small case finish the deal. Reg. \$287.80 **\$240.00**
